As COVID-19 continues to be a health risk, those of us who are still working must be aware of the things we can do at work to prevent its spread.

SOCIAL DISTANCING

Avoid close contact with everyone, stay 6 feet or more apart
Cover coughs and sneezes with your arm (bend of your elbow)
Do not shake hands
Remain in your work area unless it is essential to leave

IMPORTANT: Social Distancing should be practiced EVERYWHERE, including Cafeterias and Break Areas!

WASH YOUR HANDS FREQUENTLY

Wash your hands with warm soapy water for at least 20 seconds
Use hand sanitizer when washing is not possible
Don't touch your face with dirty hands

CLEAN SURFACES AND TOOLS

Frequently clean work surfaces
Clean tools before and after use
Wipe down doorknobs/door handles and tool box drawer handles frequently
